

INC-001 Payment callback worker stopped processing

ShopFlow · internal demo document

Impact:

PaymentService callbacks returned PAYMENT_SYNC_502 after capture, leaving some order records FAILED while payment records were CAPTURED.

INC-001 Payment callback worker stopped processing

ShopFlow · internal demo document

Resolution:

The worker was restored, callbacks were replayed, and reconcile_order repaired affected order state. Support was told to request reconciliation, not another payment.
